

*Line on vice 1996*

**The static form is a precarious appearance since it anticipates a perpetual seismography which does not so much concern the object as it does the psyche.**

La forme apparemment statique est virtuellement non appropriable, car elle anticipe de par sa précarité latente une séismographie perpétuelle non pas de l'objet, mais du psyché.

*Antoine Laval 1986 - English translation Philippe Evans-Clark 1986*

## WORKS CHRONOLOGY

- 1974 ARCHETYPES**
